SUPPORTING ENVIRONMENTAL GOVERNANCE FOR THE POSIDONIA OCEANICA SUSTAINABLE TRANSPLANTING OPERATIONS

To develop a suitable web platform for stakeholders' support in European Union policy-making

To change Governance attitude as starting point for future research

To increase efficiency in planning and control measures

To support the European Union Environmental Impact Assessment (2014/52/EC) and Maritime Spatial Planning (2014/89/EU) Directives

To develop transferable and replicable best practices at Mediterranean scale

To raise awareness and knowledge on priority habitat and Natura 2000 marine sites (HD - 1992/43/CEE)

PLANNING, RESEARCH AND CONTROL: THE INVESTMENT FOR SUSTAINABLE POSIDONIA OCEANICA GOVERNANCE
