

Product made under the project SEPOSSO and financed by LIFE Program, LIFE16 GIE/IT/000761 Project

SUPPORTING ENVIRONMENTAL GOVERNANCE FOR THE POSIDONIA OCEANICA SUSTAINABLE TRANSPLANTING OPERATIONS

POSIDONIA OCEANICA LET'S TAKE CARE OF IT

To develop a suitable web platform for stakeholders' support in European Union policy-making

To increase efficiency in planning and control measures

To support the European Union Environmental Impact Assessment (2014/52/EC) and Maritime Spatial Planning (2014/89/EU) Directives

To change Governance attitude as starting point for future research

To develop transferable and replicable best practices at Mediterranean scale

To raise awareness and knowledge on priority habitat and Natura 2000 marine sites (HD - 1992/43/CEE)
